Alaaeddine Knani

Senior Offensive Security Engineer Penetration Testing • Purple Teaming • Vulnerability Research • DFIR

Location: Tunis, Tunisia **Phone:** (+216) 26 909 519 **Email:** knaniaalaeddine@gmail.com
LinkedIn: linkedin.com/in/knani-alaaeddine-b99b30189 **GitHub:** github.com/FOLKS-iwd **Web:** folks-iwd.github.io

PROFILE

Senior Offensive Security Engineer with 5+ years across penetration testing, purple teaming, vulnerability research, and DFIR. Leading offensive operations at **ODDO BHF**, securing enterprise banking infrastructure (ISO 27001, teams of 25–30). Author of **6 published zero-day CVEs** (2M+ installs), active bug bounty researcher with **50+ reports** across European programs, and 6× CTF champion. Trilingual (Arabic, **French**, English); open to EU relocation.

EXPERIENCE

Senior Offensive Security Engineer **Mar 2023 – Present**
ODDO BHF *Tunis, Tunisia*

- Lead 20+ penetration tests annually across banking applications and internal infrastructure (AD, network, web, API); define scope, methodology, and remediation roadmaps.
- Execute purple-team engagements and TIBER-EU adversary simulations using commercial C2 frameworks; tune 150+ detection rules in **IBM QRadar** and **CrowdStrike Falcon**.
- Investigate 30+ security incidents; drive containment and forensics (memory, disk, malware) using Volatility and KAPE, achieving sub-4h mean response time.
- Perform secure code review and SAST (Checkmarx, Semgrep); mentor 2 junior analysts on offensive methodology and reporting.

Cybersecurity Consultant (Freelance) **Mar 2021 – Present**
Independent, per-client engagements *Remote*

- Deliver 15+ offensive security assessments (web, mobile, API, network) annually for fintech, SaaS, and e-commerce clients; produce executive-level reports.
- Identify an average of 10+ critical/high findings per engagement; provide remediation validation and incident-response support.

SECURITY RESEARCH

Discovered and responsibly disclosed **6 zero-day vulnerabilities** in WordPress plugins (**2M+ combined installs**) via Patchstack / Wordfence. Active on **Intigriti**, **YesWeHack**, **Google OSS VRP** (50+ reports). Speaker: "Hunting 0-Days in the WordPress Ecosystem."

- **CVE-2025-68999:** Happy Addons (400K+) – SQLi – 8.5 **CVE-2026-2600:** ElementsKit (2M+) – Stored XSS – 6.4
- **CVE-2026-1512:** Essential Addons (2M+) – XSS – 6.4 **CVE-2026-0664:** Royal Elementor – XSS – 6.4
- **CVE-2026-1210:** Happy Addons (400K+) – XSS – 6.4 **CVE-2026-1271:** ProfileGrid – IDOR – 5.3

AWARDS

- **1st Place (×6):** CSAW MENA Finals 2024 • CyberTek 2025 • SPARK 2024 • Al-Farahidi 2023 • CyberTalents 2020 • NCC 2020
- **2nd Place**, CSAW MENA 2022 • **Regional Winner & 5th Worldwide**, Securinets CTF 2020

CERTIFICATIONS

eWPTXv3 (INE, 2025) • **CAPenX** (2026) • **C-AI/MLPen** (100%, 2026) • **CBTeamerX** (90%, 2026) • **eCTHP** (INE, 2026) • **eCDFP** (INE, 2026) • **CMPen-Android** (2025) • **CDAPen** (2026) • **ISO 27001:2022 Lead Implementer** (PECB, 2023)

EDUCATION

Engineering Degree, Network Security, Tek-Up University, Tunis 2022–Present
B.Sc, Computer Networks, ISITCom Sousse 2018–2021

TECHNICAL SKILLS

Offensive: Penetration Testing (Web, Mobile, API, Network, AD) • Secure Code Review • Threat Modeling • Red Teaming
Blue / DFIR: Adversary Simulation • Detection Engineering • Threat Hunting • Incident Response • Forensics
Tooling: Burp Suite • Semgrep • Checkmarx • Volatility • KAPE • Nuclei • ffuf • C2 Frameworks • QRadar • CrowdStrike
Frameworks: ISO 27001 • OWASP • PTES • TIBER-EU • MITRE ATT&CK | **Infra:** Linux • Windows • Active Directory • Docker • AWS
Languages: Arabic (Native) • French (Bilingual) • English (Bilingual)
